Hyper Logical One MSA — General Terms – UK

1. Structure

1.1 The Agreement consists of the Master Agreement Form, incorporating these General Terms and the Acceptable Use Policy, together with any Order and the Product Schedule(s) relevant to any Products to be provided to the Customer. The Agreement shall be applicable to any and all offers and/or quotations by Hyper Logical as well as to all agreements entered between Hyper Logical and the Customer. The Agreement shall also apply to all commitments resulting from future agreements entered between parties.

1.2 The signature by the Customer (including electronic signature) of the Master Agreement Form constitutes the Customer's intention to enter into a legally binding contract with Hyper Logical. By signing or electronically signing the Master Agreement Form, Tariff Addendum and/or Order and/or using the Products (as applicable) the Customer accepts, and agrees to be bound by, the terms of the Agreement. The Agreement sets out the only terms and conditions on which Hyper Logical will supply products and services to the Customer and will apply to the exclusion of all other terms and conditions including any terms and conditions which the Customer purports to apply under any purchase order, confirmation of order or similar document (whether or not such document is referred to in the Agreement) and any terms and conditions which may otherwise be implied by trade, custom, practice or course of dealing.

1.3 **Product Schedules:** By ordering the Products, the Customer agrees to be bound by any additional terms and conditions for the use of the Products as set out in the relevant Product Schedule from the Commencement Date of those Products. The terms set out in the relevant Product Schedule are in addition to, and supplement, these General Terms. Save for the specific amendments in respect of the relevant Products set out in a Product Schedule, all other provisions of the Agreement shall remain unaffected and continue in full force and affect. The Parties may from time to time agree additional documents that will form part of the Product Schedule (for instance to add new Products).

1.4 If there is a conflict between any of the documents, the order of priority, highest first, is:

(i) any special conditions set out in the Master Agreement Form;

(ii) the Regulatory Schedule (as applicable);

(iii) the Acceptable Use Policy;

(iv) the Product Schedule(s) other than any special conditions;

(v) any Tariff Addendum or Order;

(vi) any Customer Solutions Addendum;

(vii) the General Terms;

(viii) the provisions of the Master Agreement Form other than any special conditions; and

(ix) if applicable to the Products, the Price List.

1.5 **Small Business Customer:** To the extent that the relevant Customer is a Small Business Customer, Hyper Logical's provision of those Products to the Customer will, in addition to the General Terms, be subject to the provisions in Section 2 of the Regulatory Schedule as applicable from time to time. It is the Customer's responsibility to review the criteria applicable to it and to have informed Hyper Logical if it is a Small Business Customer prior to the entry into the Agreement and notify Hyper Logical immediately in writing if during the Term the Customer no longer meets these criteria. For the avoidance of doubt, the terms applicable to Small Business Customer will apply only to the extent that the Customer is and remains a Small Business Customer from time to time.

1.6 **Regulated Services:** To the extent that a Service is a Regulated Service, Hyper Logical's provision of that Regulated Service to the Customer will, in addition to the General Terms, be subject to the relevant terms of Section 3 of the Regulatory Schedule as applicable from time to time. If a Product is Regulated Service, it will be identified as such in the relevant Product Schedule.

1.7 **New Supplier Set Up:** new Customers should contact customerservice@hyperlogical.com with any queries relating to setting up Hyper Logical as a new supplier.

2. Duration

2.1 **Agreement term:** The Agreement shall commence on the earlier of (i) the date of signature of the Master Agreement Form by the Customer; or (ii) the first Commencement Date, and shall, subject to any Minimum Contract Term and unless terminated earlier in accordance with its terms, continue until the later of: (i) the cessation of the last of the Services; and (ii) the delivery of the last SIM(s) and/or Hardware to the Customer, in accordance with the Agreement (the "Term").

2.2 **Trial term:** Hyper Logical may in its discretion agree to offer a Customer a Trial Service. Where a Trial Service is provided to the Customer, such Trial Service will be subject to the provisions of the relevant Product Schedule(s) and any other terms imposed by Hyper Logical in its discretion, including in relation to the duration of the Trial Service and any additional terms that may apply to the Trial Service.

2.3 **Service Term:** Each Service will commence on its respective Service Start Date. Subject to any new Minimum Contract Term resulting from any Tariff Change(s), each Service shall thereafter continue as follows:

(a) where a Minimum Contract Term applies, for its specified Minimum Contract Term. On expiry of the Minimum Contract Term, the Service shall automatically continue on a monthly rolling basis except:

(i) as otherwise stated in a Product Schedule; or

(ii) where the Parties have expressly agreed in writing a further Minimum Contract Term in which case the Service will continue for such further Minimum Contract Term; or

(b) where no Minimum Contract Term applies, the Service will continue on a monthly rolling basis, unless otherwise stated in a Product Schedule,

in each case unless and until terminated by either Party in accordance with the Agreement.

3. Orders

3.1 Customer may place Orders for Products in accordance with Hyper Logical's order process specified in the Agreement (in the Product Schedules) or as otherwise notified to the Customer from time to time by Hyper Logical.

3.2 Any quote issued by Hyper Logical for provision of the Products is not binding until Hyper Logical's acceptance of the Order. Orders, once accepted, will form part of the Agreement. If Hyper Logical does not give express acceptance, acceptance will be deemed to occur on the earlier of:

(a) in the case of any Order (or part of an Order) for SIMs or Hardware the date on which the goods are dispatched by Hyper Logical or the relevant vendor; or

(b) in the case of any Order (or part of an Order) for Services the date on which the Service is made available for use by the Customer or Hyper Logical begins to provide the Service as the case may be.

Hyper Logical One MSA — General Terms – UK

3.3 An Order cannot in any way amend the General Terms, the Acceptable Use Policy, any Product Schedule or any other part of the Agreement.

3.4 Fulfilment of Orders is subject to any lead times which may be communicated to the Customer in writing from time to time. Lead times depend on the Network Providers, SIM vendors, Hardware vendors, quantities ordered and any forecasts provided by the Customer. The Customer will provide to Hyper Logical reasonable (which will not be less than such lead times) advance notice of any requirements for bulk orders (unless otherwise agreed in writing with Hyper Logical this would be Orders that are for over: (i) £10,000, (ii) 100 routers and/or (iii) 5,000 SIMs) prior to placing an Order for such Products.

3.5 Without prejudice to clause 11.1, if a purchase order is required by a Customer, the Customer must provide Hyper Logical with a copy of the purchase order.

3.6 No new Orders may be submitted once notice to terminate the Agreement has been given by either Party.

4. The Products

4.1 Hyper Logical shall provide the Products set out in each Order to the Customer in accordance with, and subject to, the provisions of the Agreement.

4.2 Hyper Logical shall provide:

(a) all Products in compliance with its obligations under Applicable Laws as relate to the provision of such Products;

(b) Hardware in conformance in all material respects with the Specification during the Hardware Warranty Period; and

(c) Services:

(i) in a professional and workmanlike manner; and

(ii) with reasonable skill and care.

4.3 Any coverage maps issued by Hyper Logical or the Network Providers are a reasonable estimate of the coverage available in an area at the time the map is printed, and are in no way any guarantee of network availability or coverage.

4.4 Hyper Logical shall use its reasonable endeavours to ensure that, subject to the Customer's compliance with the terms of this Agreement, the Products are made available to the Customer in the locations and for the duration set out in an Order but the Customer agrees and acknowledges that the ability to use Services depends on the availability of suitable Network Providers and the operation of the Networks, which are outside of Hyper Logical's control.

4.5 The Customer acknowledges and accepts that Hyper Logical's ability to provide Services may be affected by a number of factors which are beyond its control, including the capability of the equipment with which the SIM(s) are used, network over utilisation, lack of network capacity, physical obstructions, geographic, topographical or atmospheric conditions, maintenance requirements, equipment failures and delays caused by Hyper Logical's suppliers or manufacturers which Hyper Logical cannot reasonably mitigate. It is the responsibility of the Customer to ensure that it has appropriate contingency plans in place to address such factors.

4.6 Hyper Logical shall use its reasonable endeavours to meet any performance dates specified (if any) in the Master Agreement Form, however time shall not be of the essence in relation to any obligation of Hyper Logical under the Agreement.

4.7 The Customer acknowledges that Hyper Logical does not make any representations or give any warranties as to the suitability of the Products for the Customer's purposes or for the Customer's use of the Products vis-à-vis its End Users.

4.8 The Products may be used by the Customer to transmit or receive data to and from various destinations including databases, web sites and/or networks. Hyper Logical accepts no responsibility for any content that the Customer transmits or receives.

4.9 The Products are not specifically designed for use in any safety critical application or environment where failure of the Products could result in the death or injury of any person, including medical, aeronautic or aerospace, transportation and energy generation or transmission applications or environments (together, "Safety Critical Uses"). The Customer's use of the Products for Safety Critical Uses shall be at the Customer's sole risk, even if Hyper Logical is aware of or has been informed in writing of such usage. The Customer shall be solely responsible for all regulatory, safety and security related requirements for Safety Critical Uses.

4.10 **Roaming:** The following provisions apply to Roaming services (which will be set out in a Tariff Addendum):

(a) the Customer acknowledges that neither it, nor any of the other Customer Entities, will be notified:

(i) when a specific SIM connects to a Roaming network;

(ii) whether its Tariff includes any use of Roaming services;

(iii) whether its Tariff includes any quantitative limit on the volume of Roaming services before the Customer will incur additional Charges; or

(iv) of any time limit(s) applicable to any Roaming allowances.

(b) the Customer Entities shall not receive a SMS notification:

(i) when the specific SIM has reached a percentage of monthly data costs; or (ii) of the applicable roaming tariffs when crossing borders within the EU and/or outside the EU;

(c) the Customer accepts that Roaming relies on networks over which Hyper Logical has no control. Hyper Logical does not offer any guarantee about the availability, quality or prices of Roaming services;

(d) Hyper Logical reserves the right to make modifications to the list of Roaming partners for any reason and in line with changes of legal, commercial and/or technical parameters, including the entering into of new Roaming agreements or the termination of existing Roaming agreements by Network Providers; and

(e) the Customer shall not, nor allow any Customer Entity or other third party to, resell Roaming services provided by Hyper Logical to another mobile network operator, MVNO, a roaming hub or a sponsored roaming service (including in order to complement the coverage or network standard of that party).

4.11 **Permanent Roaming:** It is the Customer's responsibility to ensure they operate in accordance with Applicable Law. Hyper Logical reserves the right to suspend or terminate any services which are determined to be "permanently roaming" in a country, where the Network Provider, other partner or local regulator has informed Hyper Logical this is not acceptable. The Parties acknowledge that Hyper Logical has no Liability to any Customer Entities for the suspension or termination of Roaming services by the Network Provider, other partner or local regulator.

5.   Delivery

5.1   The process for the delivery of each of the Products is set out in the applicable Product Schedule.

5.2   Any forecasted time or period for delivery of the Products given by Hyper Logical shall be given in good faith but shall be an estimate only and Hyper Logical shall have no Liability for any delay in delivery or any Losses arising therefrom.

5.3   The Customer shall pay the cost of delivery of the SIMs and/or Hardware and costs of packaging the same. Such costs are dependent on quantity and delivery options chosen and are set out in the Order (as applicable) or as may be notified to the Customer from time to time by or on behalf of Hyper Logical.

6.   Representations and warranties

6.1   Each Party represents and warrants at all times to the other Party as follows:

(a)   it is a validly existing entity incorporated or existing under the laws of the country in which it is located;

(b)   it has the power and authority to enter into and perform and has taken all necessary action (including all necessary consents, authorisations, licences and approvals) to authorise the entry into, performance and delivery of the Agreement which upon execution will constitute a legal, valid and binding obligation of the Party enforceable in accordance with its terms; and

(c)   the entering into and performance of its obligations under the Agreement has been duly authorised by all necessary corporate action on its part.

6.2   The Customer represents and warrants at all times to Hyper Logical as follows:

(a)   it is entering into the Agreement as a business and not as:

(i)   a Consumer or for personal use;

(ii)   except to the extent stated in the Master Agreement Form, a Small Business Customer.

(b)   neither the execution or delivery of the Agreement nor the consummation of the transactions contemplated hereby will conflict with:

(i)   any Applicable Law to which the Customer is subject;

(ii)   the Customer's constitutional documents; or

(iii)   any existing obligation binding on the Customer or on any asset of the Customer.

(c)   it has checked all regulatory requirements in the territory where the Products (including any Hardware) will be provided and nothing in those requirements restricts the use of or delivery of the Products to the Customer.

6.3   Hyper Logical's ability to provide the Products relies on any information provided by the Customer being complete and accurate. Customer warrants and undertakes to Hyper Logical that all information provided by or on its behalf in connection with provision of the Products is true, accurate and complete and can be relied upon in full by Hyper Logical and its agents, contractors and employees. The Customer must promptly inform Hyper Logical of any inaccuracy or changes in such information. The Customer will reimburse to Hyper Logical any costs reasonably incurred (including legal and/or administrative costs) by Hyper Logical in reliance on such incomplete or inaccurate information.

7.   Reseller Customers

7.1   Where the Customer acts as a Reseller the Customer shall:

(a)   only use Products as part of a Combined Offering as part of its own value-add product or service;

(b)   not resell one or more elements of the Products as a standalone product or service;

(c)   keep detailed up-to-date records of all acts and things done by the Customer in relation to the provision of the Products to the Customer Entities during the Term and for a period of six (6) years thereafter, and at Hyper Logical's reasonable request, shall promptly make such records available for inspection and/or provide copies to Hyper Logical;

(d)   not represent itself as an agent of Hyper Logical or any one or more Network Providers for any purpose, nor give any condition or warranty or make any representation on Hyper Logical or any one or more Network Providers' behalf or commit Hyper Logical or any one or more Network Providers to any contracts;

(e)   not without Hyper Logical's prior written consent make any representations, warranties, guarantees or other commitments with respect to the specifications, features or capabilities of the Products which are inconsistent with those contained in the material supplied by Hyper Logical or any one or more Network Providers or otherwise incur any Liability on behalf of Hyper Logical or any one or more Network Providers. For avoidance of doubt, the advice and support of End Users (including activation, blocking of SIM cards, hotline and support) is the responsibility of the Customer. Hyper Logical does not offer a hotline or other support for Customer Entities;

(f)   without prejudice to clause 8.3(h), ensure that its customers, and shall use all reasonable endeavours to procure that, each Customer Entity is legally bound by all the obligations set out in the Agreement, which expressly or by implication relate to such Customer Entity, before the Customer or the relevant Customer Entity receives any benefit of the Products. The Customer shall be liable for the acts or omissions by Customer Entities which would constitute a breach of any of the terms of the Agreement.

(g)   in addition to clause 7.1(f) and without prejudice to clause 8.3(h), the Customer shall also include in its agreements with each Customer Entity:

(i)   a statement that the advice and support of Customer Entities is the responsibility of the Customer and that the Customer will provide support for the Products, Systems and any other services and systems provided by the Customer to the Customer Entity;

(ii)   sufficient permission to enable Hyper Logical and the relevant Network Provider(s) to process information relating to the Customer Entities as contemplated by the Agreement; and

(iii)   a disclaimer, to the extent permitted by Applicable Law, of all warranties, representations, guarantees and conditions (including those implied by law) by Hyper Logical and the relevant Network Provider(s) and any Liability by Hyper Logical and the relevant Network Provider(s) for any Losses, whether direct, indirect, or consequential, arising from the sale or use of the Products, Systems and any other services and systems provided by the Customer to other Customer Entities.

(e)   any acts or omissions of any Customer Entity or their agents, subcontractors or other third parties in respect of the Products (including, any Reseller).

10.4   Over-the-air Updates: An over-the-air (OTA) update is the wireless delivery of new software, firmware or other data to mobile devices. Hyper Logical and each Network Provider reserves the right to update a SIM over-the-air (such updates may be required for new releases, functionality, or for intellectual property issues, or national regulations) as follows:

(a)   Hyper Logical shall provide the Customer with reasonable advance notice of any such planned update (except in cases where Applicable Law or urgency would not allow it). Under some national laws, updates require the consent of the owner of the equipment containing/user of a SIM. The Customer hereby expressly consents to any OTA updates and the Customer shall make and procure to make such consent binding on any owner of such equipment/ SIM user through a relevant licensing agreement or by other equivalent means. Where such consent is not obtained, Hyper Logical and/or any relevant Network Provider shall have the right to suspend transmission to and from the relevant SIM(s).

(b)   Both Hyper Logical and each relevant Network Provider retain the right at all times to suspend or deactivate any non-upgraded SIM(s), and neither Hyper Logical nor any Network Provider accepts any Liability for any consequences of such suspension.

(a)   a component of the Products; or

(b)   a component of other systems, equipment or services provided by the Customer and/or any third party to the Customer and/or any other Customer Entities, and/or any Losses arising out of or in connection with their use.

10.6   Subject to clause 15.1, all rights, representations, guarantees, conditions, warranties, undertakings, remedies or other terms that are not expressly set out in the Agreement are excluded to the maximum extent permitted by law.

11.   Payment

11.1   The Customer shall pay to Hyper Logical the Charges. Where applicable, the Charges shall include sums incurred as a result of going over the inclusive allowance for any Tariff (and/or any charges above the normal line rental as set out in the Tariff Addendum form). The Product Schedules set out further information on the Charges payable as a result of going over an inclusive allowance depending on the agreed Tariff or solution. For low value Orders, Hyper Logical may require the Customer to pay a Minimum Service Charge per month.

11.2   Payment Terms: The following terms apply to the payment of the Charges (unless modified on the Master Agreement Form):

(a)   in each case as applicable, Hyper Logical may invoice the Customer:

(i)   in advance in respect of:

(A)   the provision and delivery of SIMs and Hardware; and/or

(B)   any fixed Charges associated with Services (including as relate to line rental and access to the Platform);

(ii)   monthly in arrears in respect of any:

(A)   variable usage Charges arising in respect of Services; and/or

(B)   Value Added Services;

(b)   Hyper Logical's standard payment terms are fourteen (14) days from the date on which Hyper Logical's invoice is issued;

(c)   the Customer shall complete the direct debit payment form which is attached to the Master Agreement Form as a condition of Hyper Logical supplying the Products and thereafter the Customer shall pay the Charges by monthly direct debit;

(d)   Hyper Logical shall not be required to issue invoices via any Customer portal unless expressly agreed by Hyper Logical in writing; and

(e)   where it has been expressly agreed by Hyper Logical in the Master Agreement Form that the Customer can make non-direct debit payments, these shall be paid within fourteen (14) days of the date of Hyper Logical's invoice.

11.3   If the Customer cancels any direct debit, Hyper Logical may, at its discretion, impose an administration charge (as set out in the Price List) which is payable within ten (10) Business Days of the cancellation of the direct debit facility.

11.4   In addition to any other rights and remedies available to Hyper Logical, Hyper Logical reserve the right to impose a surcharge (as set out in the Price List) for the late payment of any invoice or if a direct debit is returned unpaid.

11.5   Price List: Standard Charges which may be applicable to an Order (such as administrative fees) will be as set out in the Price List in effect on the acceptance of the Order. Hyper Logical reserves the right to update the Price List from time to time during the Term to reflect new services or modifications to existing Products impacting those standard Charges.

11.6   Change in Charges before Commencement Date: Hyper Logical reserves the right to increase the Charges where the Customer is notified of any increase in the costs and expenses of Hyper Logical (for example as a result of exchange rate fluctuations or an increase in the cost of SIMs) prior to the applicable Commencement Date. In these circumstances, the Customer can choose to cancel the Services in respect of any affected SIMs by giving notice to Hyper Logical in advance of the applicable Service Start Date relating to the relevant SIMs if it does not agree to the changes proposed.

Hyper Logical One MSA — General Terms – UK

11.7   Annual Change to Charges: Hyper Logical reserves the right on providing at least one month's prior notice, to increase the Charges no more than once in a calendar year on the following basis:

(a)   Index-based increases: Hyper Logical reserves the right to increase the Charges by not more than the current Harmonised Index of Consumer Prices (HICP) published by Eurostat (or such alternative index as Hyper Logical may notify to the Customer in writing from time to time) plus 3%. This clause (a) does not apply to Small Business Customers.

(b)   Small Business Customers: Hyper Logical reserves the right to increase the Charges for Small Business Customers as detailed in the applicable Tariff Addendum for the relevant Service(s).

11.8   Other Changes to Charges during Term: The Parties acknowledge that the Charges are subject to change based on economic factors, including inflation and third party changes to the underlying services. The following applies to changes to the Charges occurring after the applicable Commencement Date:

(a)   Third party changes: Hyper Logical reserves the right, on providing reasonable notice to the Customer, to change the Charges any time after the Service Start Date in the following circumstances:

(i)   where a Tariff is no longer available to the Customer, provided that Hyper Logical will use reasonable endeavours to supply an alternative Tariff; or

(ii)   to reflect a change in price from the Network, any changes to Roaming agreements, a change in costs of the business, materials or Products imposed on Hyper Logical by a third party, or additional charges levied by third party suppliers as a result of those changes; and/or

(iii)   for any additional service, or part of a service, that does not form part of the Services being delivered to the Customer at the relevant time.

(b)   Hardware: Hyper Logical reserves the right to increase the Charges in respect of Hardware (including as relate to handling, packing and/or delivery of the Hardware) on providing reasonable notice any time before the Delivery Date due to:

(i)   any requests by the Customer to change the proposed delivery date, quantities or types of Hardware ordered; or

(ii)   any delays caused by instructions received by the Customer or failure of the Customer to provide adequate or correct information.

(c)   Other changes: Hyper Logical reserves the right on providing reasonable notice to change the Charges to reflect changes arising from factors beyond Hyper Logical's control, including foreign exchange fluctuations, increases in taxes and duties and any other manufacturing costs or changes directly imposed.

11.9   The Customer acknowledges that in respect of Charges relating to Roaming:

(a)   the Network Providers vary their Roaming fees dependent on:

(i)   the location of the SIM(s) concerned;

(ii)   whether permanent roaming is in effect; and

(iii)   whether Roaming is on preferred or non-preferred networks;

(b)   the Customer acknowledges that billing increments can vary per Network Provider; and

(c)   it is the Customer's responsibility to ensure that the Customer Entities each familiarise themselves with the billing increments and the data usage Charges for roaming SIMs (the applicable charges shall be detailed in the Tariff Addendum (subject to clauses 11.7 and 11.8)).

11.10   Committed Volumes: If the Customer does not order the Committed Volume by the specified date (or during the relevant specified period), Hyper Logical shall be entitled to invoice and the Customer shall be required to pay an amount equal to the shortfall between the Charges actually incurred in respect of the Committed Volume and the Charges that would be due for the whole Committed Volume.

11.11   All amounts due from the Customer under the Agreement shall be paid in full without any set-off, counterclaim, deduction or withholding (other than any deduction or withholding of tax as required by law).

11.12   Should the Customer in good faith dispute any of the Charges it must notify Hyper Logical of such disputed amount within seven (7) calendar days of receipt of the relevant invoice. The Customer acknowledges that this deadline reflects that Hyper Logical has only a limited timeframe in which to raise any billing queries with Network Providers. The Parties shall discuss such dispute under the Escalation Procedure set out in Clause 16. If no dispute is raised within seven (7) calendar days the invoice will be deemed accepted by the Customer. The Customer shall not withhold payment of any undisputed Charges set out in the queried invoice, or any other invoice, by reason of such billing query, which will avoid any interruption to the service being provided.

11.13   Hyper Logical may, at its sole discretion (acting reasonably) and at any time in order to protect itself or the Products, or in cases where it has reasonable cause to believe the Products are being used in a manner not permitted by the Agreement:

(a)   limit or cap the amount of Charges the Customer is able to incur during any given billing period; and/or

(b)   suspend the provision of Services to any SIM being used on any overseas networks.

If the Customer wishes to vary any limit or cap pursuant to 11.13(a) or enable the use of the SIM on any overseas networks pursuant to 11.13(b) the Customer should contact Hyper Logical to discuss the matter further. Subsequent changes are at Hyper Logical's discretion.

11.14   The Customer acknowledges that Hyper Logical may undertake, and the Customer consents to Hyper Logical undertaking credit checks to determine the Customer's creditworthiness and that Hyper Logical may refuse to accept any Master Agreement Form from the Customer, or vary any existing Master Agreement Form terms and/or apply usage limits (including, where appropriate, suspending the provision of Products) to any one or more SIMs, where Hyper Logical in its discretion determines that the creditworthiness of the Customer warrants Hyper Logical taking such action.

11.15   Hyper Logical may at any time (acting reasonably in circumstances where it deems it necessary) require the payment of a non-interest bearing deposit:

(a)   as a condition of delivering, or continued delivery of, Services, to one or more SIMs, to the Customer;

(b)   to release any bar on a SIM being used on overseas networks;

(c)   as a condition of increasing any maximum limit imposed by Hyper Logical on the amount of Charges the Customer may incur; or

(d)   as security for the payment of Charges due pursuant to the terms of the Agreement.

Hyper Logical One MSA — General Terms – UK

Before any deposit is requested the Customer would first be consulted. The deposit will not normally exceed four (4) months' Charges calculated by reference to the Customer's actual usage (or forecasted usage for new Customers) of Services. Any deposit paid by the Customer will be repaid when the Agreement ends or earlier if Hyper Logical agrees to such repayment (but Hyper Logical reserves the right in its sole discretion in such circumstances to reinstate any bar or other limit in force in respect of the Customer).

11.16 Any advance payments made by the Customer shall be held by Hyper Logical as a deposit in accordance with clause 11.15. Notwithstanding any purported contrary appropriation by the Customer, Hyper Logical will be entitled, by giving written notice to the Customer, to appropriate any payment by the Customer (including any advance payments) to any invoice issued by Hyper Logical.

11.17 If the Customer fails to pay in full when due any sum payable to Hyper Logical under the Agreement, the Liability of the Customer shall be increased to include interest on that sum from the date when such payment was due until the date of actual payment, interest to be charged at the statutory rate (or equivalent rate) set in accordance with Applicable Laws. Such interest shall accrue from day to day and shall be compounded monthly. For the avoidance of doubt, where Hyper Logical has agreed to send copy invoices via a Customer portal under clause 11.2(d), any failure of that portal to accept or load an invoice shall not excuse the Customer from its Liability to pay the Charges; such Customer must accept an invoice via email.

11.18 Please note that Hyper Logical's bank details are as initially communicated on customer set up. If the details are changed, or if in any doubt, the Customer should check the bank details with Hyper Logical by calling our main phone number (front page) before paying any invoice or direct debit.

12. Reporting

12.1 The Customer acknowledges that the Platform provides access, depending on the type of Products purchased, to the Customer's data usage and invoices.

12.2 If the Customer has a specific query relating to the data usage of a SIM (which is available on the Platform as above) and Hyper Logical deems such query to be reasonable, the Customer is entitled to request from Hyper Logical a detailed report showing the itemised data usage that SIM; Hyper Logical reserves the right to charge a fee (as set out in the Price List) for the provision of any such report. In the event of any dispute regarding data usage of a SIM Hyper Logical and (if applicable) the relevant Network Provider's usage data shall be binding on the Customer and Hyper Logical.

12.3 Hyper Logical reserves the right to charge a fee (as set out in the Price List) for the manual provision of any copy invoice(s) requested by a Customer, where such invoice(s) are made available through the Platform.

13. Changes to Services and the Agreement

13.1 **Numbers:** The Customer acknowledges that due to the nature of Machine-to-Machine Services, the number relating to a SIM is not a personal number and Hyper Logical does not guarantee that any number will remain allocated to the Customer. Hyper Logical reserves the right to change, reallocate, withdraw the Customer's number from time to time as a result of Applicable Law or instructions from a regulatory authority or where required by a Network Provider, but will take reasonable steps to minimise any disruption to Customer. Hyper Logical will inform the Customer if this circumstance arises.

13.2 **Transfers:** The Customer can apply to transfer the mobile phone number relating to a SIM that is connected to a Network Provider under the Agreement to another customer (for example as part of a transfer of ownership of the Customer) or to another Network Provider. In such circumstances, and subject to any technical or operational restrictions or requirements, Hyper Logical shall transfer Customer's telephone number(s) according to Applicable Law and subject to Hyper Logical's change of ownership or porting process, set out in more detail in the Product Schedules, including any associated costs of such transfer.

13.3 **Changes by Networks:** The Customer accepts that the Products rely on Hyper Logical receiving the service from the Network Providers. From time to time, with updates in technology, certain Products may be made obsolete or discontinued by the Network Provider. Hyper Logical does not offer any guarantee about the availability or quality of such services. Hyper Logical reserves the right, acting reasonably and in good faith, to make modifications to the Products for any reason and in line with changes of legal, commercial and/or technical parameters, as may be required to address any changes imposed by the Networks which affect the Products, including OTA updates (see clause 10.4) or suspension or termination of certain Products in accordance with these General Terms. Hyper Logical reserves the right to change and/or remove solution elements or underlying components within the Products from time to time (including in relation to areas of coverage) in order to maintain service quality and/or where such elements are no longer provided by the relevant Network Provider.

13.4 **Change to General Terms, AUP and Product Schedules:** In addition to changes made in accordance with clause 13.3 (and without prejudice to the rights for Hyper Logical to change the Charges pursuant to clauses 11.6 to 11.8) and subject to any bespoke terms which have been expressly agreed in writing with the Customer, Hyper Logical may modify these General Terms, Acceptable Use Policy, Product Schedules and/or the Code of Conduct from time to time by Hyper Logical giving notice of such changes in accordance with clause 13.6. Hyper Logical will publish the updated terms on the Website.

13.5 **Change to reflect Applicable Laws:** Other than as set out in clauses 13.3 to 13.4 above, Hyper Logical reserves the right to change the terms of the Agreement (including the Regulatory Schedule) by giving the Customer written notice of the same to reflect any change in Applicable Laws or any discussions, proposals, negotiations or any other steps taken by the local government or a body in any jurisdiction. Such a change made as a result of a change in Applicable Laws shall not, except to the extent required by Applicable Law, terminate or alter (or give any Party a right to terminate or alter) the Agreement or invalidate any of its terms or discharge or excuse performance under it. If there is an inconsistency between the provisions of this clause and any other provision of the Agreement, the provisions of this clause shall prevail.

13.6 **Notice of Changes:** Unless the proposed change (including any change(s) proposed pursuant to clauses 13.3 to 13.4) is a Beneficial Change, or a change made in accordance with clauses 11.7-11.8 or 13.5 ("Excepted Changes") the following will apply:

(a) Hyper Logical will provide at least one month's notice (the "Change Notice Period") to the Customer of a change(s) or modification(s), as applicable (which may be notified via invoice or via the Platform), save where a change and/or removal is an emergency change or otherwise undertaken by the Network Provider on short notice in which case Hyper Logical will inform the Customer of the relevant change and/or removal as soon as practicable;

(b) if a Customer has reasonable concerns with such changes or modifications (excluding Excepted Changes), it may serve written notice to Hyper Logical within the Change Notice Period disputing the change and/or modification (including, as applicable, which terms it disputes) ("Disputed Terms Notice"). On receipt of a Disputed Terms Notice, Hyper Logical will contact the Customer to discuss how to resolve the disputed terms where possible;

(c)   during the Change Notice Period the previously applied terms will continue to apply; and

(d)   for the avoidance of doubt, except for Relevant Customers (pursuant to clause 13.8 below), no changes or modifications shall give any Party a right to terminate the Agreement or invalidate any of its terms or discharge or excuse performance under it.

13.7   Changes for an Excepted Change will take effect from Hyper Logical giving written notice of such change to the Customer.

13.8   Without prejudice to clause 13.6 above, a Relevant Customer (as defined in the Regulatory Schedule) should follow the Change Notice Process for Relevant Customers set out in section 4 of the Regulatory Schedule.

13.9   If the Customer continues to use the Products after the expiry of the Change Notice Period, without having issued a Disputed Terms Notice, it accordingly agrees to be bound by such change(s) and/or modifications (as applicable) from that date.

14.   Indemnities and Conduct of Claims

14.1   Each Party shall indemnify the other Party for Intellectual Property Rights infringement as more fully set out in clauses 19.4 and 19.5.

14.2   The Customer shall indemnify Hyper Logical, each member of Hyper Logical's Group and each Network Provider (where relevant) against all claims, proceedings, demands, actions and Losses that Hyper Logical, each member of Hyper Logical's Group, each Network Provider and/or each of their employees, officers, workers or contractors does or will incur or suffer in each case arising out of or in connection with:

(a)   use of the Products for Safety Critical Uses by any Customer Entities;

(b)   any failure by any Customer Entity to comply with the terms of the Acceptable Use Policy; and

(c)   any breach by the Customer of clauses 15.8(a) and 15.8(b).

14.3   A Party wishing to take advantage of an indemnity clause under the Agreement (the "Indemnified Party") must comply with the following provisions; the Indemnified Party must: (i) promptly inform the indemnifying Party of the claim and provide written details of the actual or potential claim; (ii) if requested, give the indemnifying party full control of the claim; (iii) unless otherwise agreed, not publicly say anything about the claim; (iv) not admit liability or do anything that may harm the indemnifying Party's defence of the claim; (v) not settle the claim without the indemnifying Party's prior written consent (not to be unreasonably withheld or delayed); and (vi) gives the indemnifying Party all reasonable assistance to defend or contest the claim.

15.   Liability and remedies

15.1   Nothing in the Agreement shall be deemed to exclude or limit the Liability of either Party:

(a)   that cannot be excluded or restricted in the Agreement in respect of death or personal injury resulting from negligence;

(b)   for fraud or fraudulent misrepresentation (by the party or on its behalf); or

(c)   any matter for which it is not permitted by Applicable Law to exclude or limit, or to attempt to exclude or limit, its Liability.

15.2   Without prejudice to clause 15.1, the limitations or exclusions of Liability in this clause shall not apply to any Liability of:

(a)   either party which arises out of or in connection with the indemnity set out in clauses 19.4 or 19.5 (Intellectual Property Rights); or

(b)   the Customer arising out of or in connection with:

(i)   its payment obligations; or

(ii)   the indemnities contained at clause 14.2.

15.3   In no event will either Party or its Affiliates have any Liability for any: (i) indirect, special, consequential or punitive damages; (ii) loss of profit, revenue, business or other economic advantage; (iii) loss of goodwill or reputational damage; (iv) loss or corruption of data or information; or (v) loss arising from business interruption, (in each case whether direct, indirect or consequential) even if that Party was aware of the possibility of such damage or loss when they entered into the Agreement or any Order.

15.4   Subject to the other terms of this clause 15, each Party's maximum aggregate Liability is limited to the lower of: (a) £1,000,000 or (b) one hundred per cent (100%) of the Charges payable by the Customer under the Agreement in the twelve (12) months immediately preceding the incident which gave rise to the claim.

15.5   The cap on the Customer's Liability in clause 15.4 does not apply to any sums properly due and payable by the Customer under the Agreement and any such sums will not be taken into account in assessing whether any of the financial limit in clause 15.4 has been reached.

15.6   Subject to clause 15.1 and without prejudice to clauses 10.3 to 10.5 (inclusive) and 15.3, Hyper Logical shall have no Liability (whether foreseeable or not) for any:

(a)   Losses arising from any act, omission or failure by a Network Provider or any other provider of electronic communications services; or

(b)   Losses incurred by, or Liability of the Customer to, any third parties (including the Customer Entities); or

(c)   Losses arising from any Customer Entity's breach of the Acceptable Use Policy.

15.7   The Customer acknowledges that the Agreement creates no legal relationship between the Customer and the Network Providers. To the fullest extent permitted by law, all Liability of the Network Providers in contract, tort (including negligence) or howsoever else arising under or in connection with the Agreement is excluded.

15.8   The Customer shall:

(a)   not take any action in relation to the Agreement directly against any Network Provider, member of Hyper Logical's Group (other than Hyper Logical) and/or any of their employees, officers, workers or contractors; and

(b)   procure that no Customer Entity will take action in relation to the Agreement to recover damages, compensation or payment or remedy of any other nature (whether for breach of contract, negligence or other tortious claims or otherwise) directly against Hyper Logical, any member of Hyper Logical's Group, any Network Provider and/or any of their employees, officers, workers or contractors.

16. Escalation Procedure

16.1 If there is a Dispute in relation to the Agreement, the Parties shall attempt to negotiate and settle the dispute amicably in accordance with this clause 16. Subject to clause 16.3, neither Party may during the Term commence proceedings in relation to a Dispute unless that Party has:

(a) served a written notice (a "Referral Notice") on the other Party notifying it of the relevant Dispute; or

(b) already received a Referral Notice from the other Party in relation to the same Dispute.

16.2 Following service of a Referral Notice in relation to a Dispute, the following escalation process shall be followed:

(a) the matter shall in the first instance be referred to the Hyper Logical Account Manager and a Customer employee of corresponding seniority;

(b) if the matter is not resolved at that level within twenty (20) Business Days of the matter having first been referred, then the matter may be escalated to Senior Management of Hyper Logical and a Customer employee of corresponding seniority;

(c) if the matter is not resolved at that level within twenty (20) Business Days of such referral, then the matter may be referred to the relevant Manging Director of Hyper Logical and a Customer employee of corresponding seniority; and

(d) if the matter is not resolved at that level within twenty (20) Business Days of such referral to it then the matter may be referred to the courts.

16.3 Nothing in this clause 16 will prevent or delay either Party from:

(a) seeking orders for specific performance, interim or final injunctive relief;

(b) exercising any rights it has to terminate the Agreement; or

(c) commencing any proceedings where this is necessary to avoid any loss of a claim due to the rules on limitation of actions.

17. Force Majeure

17.1 Subject to sub-clause 17.2, neither Party shall be deemed to be in breach of the Agreement, or otherwise have Liability to the other, by reason of any delay in performance or non-performance of any of its obligations under the Agreement to the extent that such delay or non-performance is caused by a Force Majeure Event.

17.2 The Party affected by any Force Majeure Event shall immediately give the other Party written notification of the nature and extent of the Force Majeure Event and the Parties shall enter into bona fide discussions with a view to alleviating its effects or to agreeing upon such alternative arrangements as may be fair and reasonable.

17.3 If a Party is affected by the Force Majeure Event and the written notice in relation to the Force Majeure Event has not been withdrawn within one hundred and eighty (180) days, the other Party shall be at liberty to terminate the Agreement with immediate effect by serving a written notice on the Party affected. The service of such notice shall be without prejudice to any rights or obligations which have accrued prior to such termination.

18. Fraud and Security

18.1 The Customer accepts and acknowledges that the Products are not guaranteed to be secure and Hyper Logical does not guarantee the prevention or detection of any unauthorised attempts to access the Products.

It is the Customer's responsibility to take such precautions as it considers appropriate for itself and Customer Entities to protect data from data breaches, cyber-attacks, fraud, viruses and other interference and interception of its communications. Hyper Logical has set out key considerations in respect of certain solutions in the relevant Product Schedule.

18.2 The Customer acknowledges that Hyper Logical has no control of a Customer's equipment configuration, device security or other feature services enabled. The Customer is therefore urged to verify with their equipment provider that all necessary steps to combat fraudulent and/or unauthorised use have been taken.

18.3 The Customer must ensure that usernames, passwords or PINs used by it and all other Customer Entities in connection with the Products are kept confidential and are only used by authorised users. The Customer will inform Hyper Logical immediately if the Customer knows or suspects (or ought reasonably to know or suspect) that a username, password or PIN has been disclosed to an unauthorised user or is being used in an unauthorised way.

18.4 Hyper Logical reserves the right: (i) to suspend usernames and password access to the Products if at any time Hyper Logical thinks that there has been or is likely to be a breach of security; and (ii) to require the Customer to change any of the passwords the Customer's uses in connection with the Products.

18.5 Any assistance given by Hyper Logical in relation to fraudulent and/or authorised use by the Customer or third parties (or the prevention of such use) will be as a gesture of goodwill and no Liability can be accepted by Hyper Logical or any Network Provider for any Charges or other Losses resulting from fraudulent and/or unauthorised use of equipment or Products sustained by any Customer Entity or any third parties that are beyond Hyper Logical's reasonable control (save for any fraud and/or authorised use by an employee of Hyper Logical acting in that capacity). The Customer agrees to pay all additional Charges related to such fraudulent and/or unauthorised use.

19. Intellectual Property Rights

19.1 All data, documents, property and Intellectual Property Rights in the Products including all right, title and interest in and to all documents, data, specifications or other items relating to the Products or which is supplied or otherwise furnished to the Customer in connection with the performance of the Agreement (including any outputs from Professional Services), shall vest in and shall remain the exclusive property of Hyper Logical, the relevant Network Provider(s) or its or their third party licensors, as applicable. The Customer and its licensors shall retain ownership of all Intellectual Property Rights in the Customer Materials.

19.2 The Customer shall not and shall use all reasonable endeavours to procure that all other Customer Entities shall not:

(a) claim ownership of any Intellectual Property Rights in relation to or created pursuant to the Products; and/or

(b) take any action which might infringe any Intellectual Property Rights or other form of protection for any invention, discovery, improvement, design, mark or logo in relation to the Products.

19.3 The Customer acknowledges that it shall have no express or implied right to use, modify, adapt or otherwise exploit Hyper Logical's, the Network Providers' or any other Third Parties' Intellectual Property Rights, except for the right to use such Intellectual Property Rights for the exclusive purpose of using the Hardware and SIMs for their intended purpose and benefitting from the Services in accordance with the Agreement.

Hyper Logical One MSA — General Terms – UK

19.4 If the Customer's use of a Product and/or any Deliverable in accordance with the terms of the Agreement is proven to infringe a third party's Intellectual Property Rights, Hyper Logical will indemnify the Customer against all Losses finally awarded against Customer in connection with any claim or action against Customer by any third party that the use by Customer of such Product or Deliverable (or any part of such Product or Deliverable) infringes such third party's Intellectual Property Rights, provided that this indemnity will not apply to any part of a claim that results from, or is connected with: (a) Customer's combination or use of any part of the Product or Deliverable with devices, products, software or another service which Hyper Logical has not supplied; (b) the Customer modifying or replacing the Product and/or Deliverable without Hyper Logical's permission; (c) Hyper Logical's use of Customer Materials in connection with the Products and/or Deliverables; (d) any content, designs or specifications that have not been supplied by Hyper Logical, or on Hyper Logical's behalf; (e) the Customer's failure to adopt modifications or replacements made by Hyper Logical to the Products and/or Deliverables to avoid potential infringement of the third party's Intellectual Property Rights; (f) Customer's failure to follow Hyper Logical's instructions in relation to a Product and/or Deliverable; or (g) Customer's breach of the Agreement.

19.5 The Customer shall indemnify and hold Hyper Logical harmless against all Losses, in each case arising out of or in connection with any:

(a) breach (including any claim(s) arising from any breach) of clause 19.2 above;

(b) claim or proceeding made, brought or threatened against Hyper Logical by any third party that the use by Hyper Logical of all or any part of any Customer Materials infringes the Intellectual Property Rights of that third party or of another person; and/or

(c) Network Providers' and/or any other third parties' claim(s) for infringement of Intellectual Property Rights that result from or are connected with the matters detailed in 19.4(a) to (g) above.

The Customer shall notify Hyper Logical immediately of any infringement or apparent or threatened infringement of or any actions, claims or demands in relation to any Intellectual Property Rights or other form of protection for any invention, discovery, improvement, design, mark or logo in relation to any Products and/or Deliverables and the Customer shall provide (and shall use all reasonable endeavours to procure that the Customer Entities shall provide) Hyper Logical with all assistance which Hyper Logical may reasonably require in connection therewith.

20. Confidentiality

20.1 Each Party may have access to Confidential Information of the other Party under the Agreement. A Party's Confidential Information shall not include information that:

(a) is or becomes publicly known through no act or omission of the receiving Party; or

(b) was in the other Party's lawful possession prior to the disclosure; or

(c) is lawfully disclosed to the receiving Party by a third party without restriction on disclosure; or

(d) is independently developed by the receiving Party, which independent development can be shown by written evidence.

20.2 Subject to clause 20.4, each Party shall hold the other's Confidential Information in confidence and, unless required by law, not make the other's Confidential Information available to any third party or use the other's Confidential Information for any purpose other than to perform its obligations under the Agreement.

20.3 Each Party agrees to take all reasonable steps to ensure that the other's Confidential Information to which it has access is not disclosed or distributed by its employees or agents in violation of the terms of the Agreement.

20.4 A Party may disclose Confidential Information to the extent such Confidential Information is required to be disclosed by law, by any governmental or other regulatory authority or by a court or other authority of competent jurisdiction, provided that, to the extent it is legally permitted to do so, it gives the other Party as much notice of such disclosure as possible and, where notice of disclosure is not prohibited and is given in accordance with this clause, it takes into account the reasonable requests of the other Party in relation to the content of such disclosure.

20.5 This clause shall survive termination of the Agreement for any reason.

21. Data Protection

21.1 Both Parties will comply with all applicable requirements of the Data Protection Legislation. This clause 21 is in addition to, and does not relieve, remove or replace, a Party's obligations or rights under Data Protection Laws.

21.2 The parties acknowledge that for the purposes of the Data Protection Laws, the Customer is the Data Controller of the content of any communication made or transmitted via the Products and of any Personal Data of Customer Entities processed in connection with the provision of the Products as envisaged by the Agreement, and Hyper Logical (and any relevant members of the Hyper Logical Group) is the Processor of Personal Data in connection with the Agreement. The Schedule at the end of this Agreement sets out the scope, nature and purpose of processing by Hyper Logical, the duration of the processing and the types of Personal Data and categories of Data Subject.

21.3 Without prejudice to the generality of clause 21.1, the Customer will ensure that it has all necessary appropriate consents and notices in place to enable lawful transfer of the Personal Data to Hyper Logical and/or lawful collection of the Personal Data by Hyper Logical on behalf of the Customer for the duration and purposes of this Agreement.

21.4 Without prejudice to the generality of clause 21.1, Hyper Logical shall, in relation to any Personal Data processed in connection with the performance by Hyper Logical of its obligations under this agreement:

(a) process that Personal Data only on the documented written instructions of the Customer unless Hyper Logical is required by UK Law or EU Law to otherwise process that Personal Data. Where Hyper Logical is relying on UK Law or EU Law as the basis for processing Personal Data, Hyper Logical shall promptly notify the Customer of this before performing the processing required by the UK Law or EU Law unless the UK Law or EU Law prohibits Hyper Logical from so notifying the Customer;

(b) ensure that it has in place appropriate technical and organisational measures, reviewed and approved by the Customer, to protect against unauthorised or unlawful processing of Personal Data and against accidental loss or destruction of, or damage to, Personal Data, appropriate to the harm that might result from the unauthorised or unlawful processing or accidental loss, destruction or damage and the nature of the data to be protected, having regard to the state of technological development and the cost of implementing any measures (those measures may include, where appropriate, pseudonymising and encrypting Personal Data, ensuring confidentiality, integrity, availability and resilience of its systems and services, ensuring that availability of and access to Personal Data can be restored in a timely manner after an incident, and regularly assessing and evaluating the effectiveness of the technical and organisational measures adopted by it);

Hyper Logical One MSA — General Terms – UK

(c) ensure that all personnel who have access to and/or process Personal Data are obliged to keep the Personal Data confidential; and

(d) not transfer any Personal Data outside of the UK (when UK GDPR applies) or EEA (when EU GDPR applies) unless the following conditions are fulfilled:

    (i) the Customer or Hyper Logical has provided appropriate safeguards in relation to the transfer;

    (ii) the Data Subject has enforceable rights and effective legal remedies;

    (iii) Hyper Logical complies with its obligations under the Data Protection Laws by providing an adequate level of protection to any Personal Data that is transferred; and

    (iv) Hyper Logical complies with reasonable instructions notified to it in advance by the Customer with respect to the processing of the Personal Data;

(e) assist the Customer, at the Customer's cost, in responding to any request from a Data Subject and in ensuring compliance with its obligations under the Data Protection Legislation with respect to security, breach notifications, impact assessments and consultations with supervisory authorities or regulators;

(f) notify the Customer without undue delay on becoming aware of a Personal Data Breach;

(g) at the written direction of the Customer, delete or return Personal Data and copies thereof to the Customer on termination of the agreement unless required by UK Law or EU Law to store the Personal Data; and

(h) maintain complete and accurate records and information to demonstrate its compliance with this clause and allow for audits by the Customer or the Customer's designated auditor and immediately inform the Customer if, in the opinion of Hyper Logical, an instruction infringes the Data Protection Laws.

21.5 The Customer consents to Hyper Logical appointing the Sub-Processors as a third-party processor of Personal Data under this agreement. Hyper Logical confirms that it has entered or (as the case may be) will enter with the third-party processor into a written agreement incorporating terms which are substantially similar to those set out in this clause and in either case which Hyper Logical undertakes will reflect and will continue to reflect the requirements of the Data Protection Laws. As between the Customer and Hyper Logical, Hyper Logical shall remain fully liable for all acts or omissions of any third-party processor appointed by it pursuant to this clause.

22. Suspension

22.1 Without prejudice to clauses 4.11, 10.4, 11.13, 11.14 and/or 18.4, Hyper Logical may suspend the Products (including Services, or any SIM, and/or delivery of any Hardware) if any one or more of the following occur:

(a) the telecommunications network and other infrastructure in place supporting the Products fails or if modification or maintenance work is being carried out in respect of the same, or such telecommunications network is unavailable for any reason;

(b) a Network Provider ceases to provide a service and/or tariff which is required to enable Hyper Logical to provide any Service and/or Tariff to the Customer and the Parties have not agreed in writing that

Hyper Logical will provide an alternative Tariff and/or Service in its place;

(c) the Customer fails to provide Hyper Logical with a copy of the purchase order pursuant to clause 3.5 in advance of the relevant Services being performed and/or Hardware and/or SIMs being delivered;

(d) Hyper Logical does not receive full payment of any Charges due pursuant to the Agreement in accordance with the payment terms set out in clause 11 (subject to any billing dispute in respect of any invoice made in accordance with clause 10.11), in which case clause 24.4 shall apply;

(e) Hyper Logical believes or has reasonable grounds to suspect that a Customer Entity's equipment or SIM(s) are being used fraudulently or illegally, or there has been such significant deviation in usage that Hyper Logical reasonably suspects misuse, or if they have been lost or stolen (in which case the Charges remain payable until Hyper Logical is notified of such fraudulent or illegal use pursuant to clause 8.3(j));

(f) a Customer Entity fails to comply with the Acceptable Use Policy;

(g) the Customer is otherwise in material breach of the terms of the Agreement, or Hyper Logical reasonably anticipates that one of the events referred to in clause 23.3 is about to occur;

(h) as Hyper Logical considers reasonably necessary to protect the integrity, functionality and/or security of its networks, equipment or services;

    (i) at its discretion in relation to SIM(s) if it suspects that they have been tampered with, in any way which could render billing information inaccurate; or

    (j) in the event that the provision of Products would fail to comply with Applicable Law, breach any Export Rules and/or infringe any Sanctions.

22.2 Subject to clause 22.3 below, suspension of the Products shall not affect the continuation of the Agreement or the Customer's obligation to pay the Charges which shall continue to be due and payable during any suspension.

22.3 If the Products are suspended pursuant to clause 22.1(a) or 22.1(b) for more than three (3) consecutive days, Hyper Logical shall suspend the Charges for the remainder of the period of unavailability.

23. Termination

23.1 Ending Services before supply: The Customer is entitled to cancel an Order for SIM(s) by completing and submitting a Cancellation Request to Hyper Logical provided that Hyper Logical receives the Cancellation Request at any time prior to the point in time when the SIMS are delivered and/or related Services are first supplied (whichever the earlier). If the cancellation has any impact on Committed Volumes, obligations that Hyper Logical has to a Network Provider in respect of those SIMs or otherwise affects the agreed Charges, Hyper Logical may amend or impose Charges to reflect this. Hyper Logical may cancel an Order at any time until despatch on providing written notice to the Customer.

23.2 Ending Services during or after supply: The Customer may cancel Services by completing and submitting a Cancellation Request to Hyper Logical. Provided that all termination fees payable in accordance with clause 24.3 have been received by Hyper Logical, such termination shall be effective thirty (30) days after Hyper Logical's approval of the Cancellation Request. Notwithstanding the foregoing, the thirty (30) days may be adjusted for some value added services as stated in the value added service order form.

Hyper Logical One MSA — General Terms – UK

23.3 Ending the Agreement or Services for cause: Without prejudice to any other rights or remedies which that Party may have, each Party may by written notice to the other Party immediately terminate the Agreement and/or any affected Orders or Services:

(a) if the other Party commits a material breach of any of the provisions of the Agreement and, in the case of a remediable breach, has failed to remedy the breach within thirty (30) calendar days of being notified of such breach by the Party seeking to terminate; or

(b) the other Party commits an irremediable material breach of the Agreement;
